## **LITTLE HALLINGBURY CRICKET CLUB – CORE VALUES**

### **Introduction**

At Little Hallingbury we believe that it is important that our cricket club has a set of shared values. A set of principles that run through the club from top to bottom and with which we can be identified.

Cricket is widely recognised as not just a sport or a game, but also a very positive influence for good in peoples' lives. The things that make a person valued in cricket also make them valued in life. Things like a positive attitude, hard work, honesty, fairness and a respect for others.

As we continue to develop our junior section, we have the opportunity not just to teach the game of cricket, but also to help develop young people as individuals through the game.

### **Our values**

These are the values that we believe to be most important to the Club today and those we wish to pass on to the next generation.

- friendship
- integrity
- respect
- a positive attitude
- commitment & effort

So this is the kind of Club we want to be, a club that is:-

### **Friendly**

- Welcoming & focused upon being inclusive & family friendly.
- Approachable & informal in its style.
- Has an active social scene.
- Promotes the importance of cricket as fun.

### **Supportive**

- Encourages and rewards effort, not just results.
- Encourages & thanks coaches, officials & other volunteers for what they do.

- Prioritises safety, quality & consistency in coaching.
- Ensures that all coaches are appropriately qualified and DBS checked.
